### NOTE: New Procedure to Check-In at the Presidential Primary Election and Early Voting Session

To accelerate the check-in process at the Presidential Primary Election this year, check-in was accomplished by the use of electronic Poll Pads. The use of these tablets allowed our election officers to check in a voter:

1. By manually entering the first three (3) letters of the voter's first and last name; or
2. By scanning the bar code on the back of the voter's driver's license. In this case, the Poll Pad matches the name and birth date of the person on the voter list with the name and birth date it reads from the bar code on the back of the license. No information from the scanned license is retained by the Poll Pad. The Commonwealth of Massachusetts does not require that a voter present a license to check in at any Elections and Town Meetings.

The Poll Pads immediately talk to one another, eliminating any chance of a voter checking in more than once.
